Hello Officer Gutierrez and Officer Hsu,

Initially, this issue was sent to me with the understanding that it is in Sylmar. However, I received notification from Officer Derosa that the jurisdiction would be under Foothill Division.

Could you Officers please help our office resolve the overt violations that are occurring at this location?

Thank you,
Alejandro Perez

Hi Christine!

Having a little homeless issue at our Sylmar facility. In the past I would call when things got out of hand, it was quickly resolved, but now I haven't heard anything back.

Any help would be appreciated.

Matt

Havn't heard anything back. Today they filled up a bathtub with our irrigation system..... and have all of their trash thrown in our planters.

How do I go about getting the street rezoned for no over-night parking?

There is an ever-growing caravan of homeless folks that are parking along our production facility at 12800 Foothill Blvd in Sylmar. They were moved before, but now they are back and growing. They are tapping into the power pole utilities, and have broken our irrigation system causing \$1000 in damage. We fixed it once before after they broke into it.

One of the vans has had all of it's windows broken out and has been there for a while. Not sure if it is abandoned.

What can we do this time?
